Ffxiv where is the gold saucer. Fxiv fashion report time.

Gil is one of the easiest currencies to farm in FFXIV and truthfully with it being as easy as it is, you would assume that MGP would be a bit easier to farm. The thing is, MGP can be difficult to farm if you're not doing the right things to get it. While there are a number of ways that you can get MGP including games at the Gold Saucer, Triple Triad Matches and various GATEs, some of them are going to give you a higher yield and some of them are going to be less fun than others. The following are the most optimal ways of collecting MGP. Note: If you want to watch me play games like FFXIV, I'm always happy to answer your questions there as well! WEEKLY CHALLENGE LOGS (WEEKLY) By far one of the best ways to optimize your time playing FFXIV is by doing your weekly challenge logs. Challenge Logs are split up by different categories including things like Beast Tribes, Retaining Eureka and of course the Gold Saucer. Now, the thing about the Gold Saucer challenge logs is that some of them give a much higher yield of MGP than others. The Gold Saucer related challenge logs are as follows: I've marked the ones I complete weekly with two asterisks and the ones I complete when I have time with one asterisk. *Complete 3 GATEs (3,000 MGP) **Enter 3 Chocobo Races (5,000 MGP) ***Play Triple Triad 10 Times (5,000 MGP) ***Play Triple Triad 10 Times (5,000 MGP) ***Enter 20 Chocobo Races (8,000 MGP) ***Play Triple Triad 10 Times (5,000 MGP) ***Win 10 Triple Triad Matches (8,000 MGP) Play 5 Triple Triad Matches in the Battlehall (2,500 MGP) Win 3 Triple Triad Matches in the Battlehall (3,000 MGP) **Play Lord of Vermilion 1 Times (5,000 MGP) ***Play Lord of Vermilion 3 Times (10,000 MGP) **Play Lord of Vermilion 5 Times (12,000 MGP) Participate in 2 Domän Mahjong Player Matches (5,000 MGP) NOTE: The total amount of MGP you can get in a week from the weekly challenge logs is 79,000 MGP. If you do the bare minimum and lose at everything you can get around 55,000 MGP. As you can see, the majority of the challenges I choose to complete are ones that don't require me to be playing the game with other players or need to be playing the game at a particular time. I personally do a lot of my MGP challenge logs while watching Netflix on a second monitor or while getting some work done. I'll cover the most optimal ways to complete these challenge logs in the sections that are dedicated to their topic. JUMBO CACTIPOT (WEEKLY) The Jumbo Cactpot is something that you absolutely never want to miss out on. It's the most brainless way of getting a good amount of MGP a week. You can purchase a maximum of 3 tickets a week for 100 MGP. (increases by 50 per ticket) and tickets will be drawn every Saturday at 2 P.M. Earth Time. The lowest yield for the Jumbo Cactpot is 1,000 MGP, however, the rewards scale based on the number of tickets bought. That being said, even if there aren't a whole lot of tickets purchased that week it's still a good idea to buy tickets just for a steady passive income of MGP. SIDE NOTE: my partner won the jackpot one week... you can all rage quit. FASHION REPORT (WEEKLY) The Fashion Report was a part of the Gold Saucer I was completely unaware of for months of playing the game. At first, when my partner told me about it I was intimidated by the name and thought that I would have to spend a whole lot of Gil in exchange for getting MGP, however, this is the furthest thing from true. The Fashion Report has you looking for glammers that fit into different categories like "Do Rats Fly" which is referring to the "Sky Rat" glamour set, or "Fringe Benefits" which refers to glammers with Fringes. Most Fashion Reports will only require you to dye pairs of clothing or to purchase vendor glimmers for an easy 80 points, which gives you the highest reward. There's a lovely player on Reddit who goes by the name Kaiyoko who posts guides to it weekly. They're super, super awesome! Thank you Kaiyoko for doing that
