The Synergy Green Metallic exterior colour will be available on all Camaro models for a limited time; in addition, the Synergy Green instrument panel and door panels on the 2LT and 2SS models will be available. Performance Algorithm Switching (PAS) is included with the 6L50 and 6L80 models. Allows the electric transmission controller to override the automatic gear selection during high lateral acceleration maneuvers. The updated 2016 version of the revived model carries the classic muscle car look and offers customers the option of adding the supercharged V8 to the Corvette Z06. The horsepower for the L99 is 400 (298 kW) at 5,900 rpm and the torque is 410 lb.-ft. An optional console-mounted meter package includes oil pressure, oil temperature, volts and
